

1

The raised curved roof to one side creates a striking impression

2

The Neptunus rain gutter tensioning system ensures that the roof canopy stays taut

3

The Neptunus raised cassette floor ensures a stable and robust base

The Product

The Apollonia is durable, stylish and very flexible and uncomplicated, making this simple temporary structure a versatile option for a wide range of uses.

Design

The Apollonia is available in dimensions of 5 x 5 metres (25 m²). The roof canopy comes in white opaque (non-permeable to light) and the white sidewall panels, with or without windows, have sliding fixings to allow them to be open or closed.

Features

The Apollonia is equipped with the Neptunus raised cassette floor and the special Neptunus rain gutter tensioning, which means the canopy stays taut at all times. In addition to being used as a stand-alone structure the Apollonia can be connected to other Neptunus structure styles to act as a passageway.

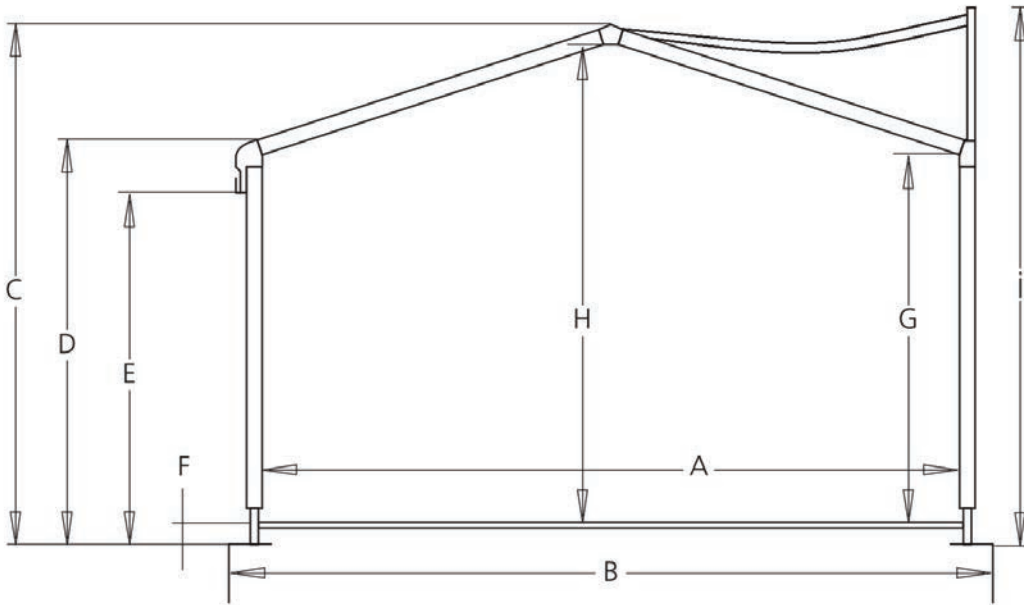

Applications

A basic tent with the guarantee of Neptunus quality makes the Apollonia ideal for a wide range of uses, such as festivals, shows, parties and exhibitions. This structure is ideally suited for use as catering pavilion, food & beverage or merchandise stand.
