

1 Unique undulating roof frame

2 Sidewall height of 3.80 metres

3 Maximum internal height 12.5 metres

The Product

The Ocean will ensure that your event stands out with its clear span aluminium frame and impressive undulating roof membrane.

Design

The roof canopy comes in white opaque (non-permeable to light) 80% or transparent and horizontal wall panels are either rigid PVC or glass, and fully interchangeable. The Ocean is equipped with the Neptunus raised cassette floor as standard and the internal finish has a stylish modern feel. The Neptunus rain gutter tensioning system ensures that the roof canopy stays taut at all times and rainwater is drained through concealed downpipes.

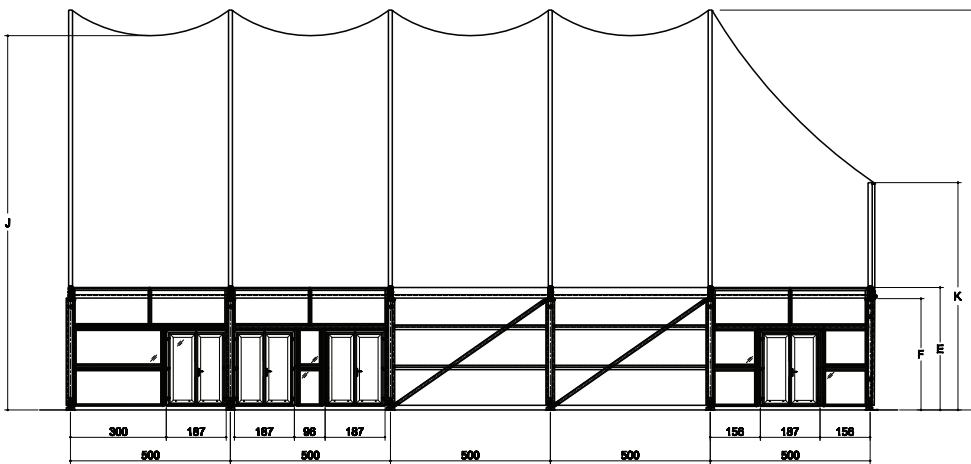

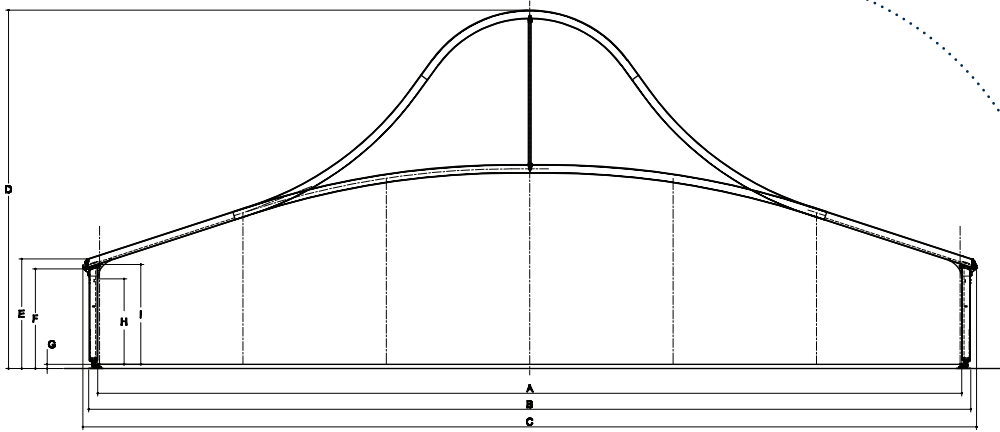

Features

The Ocean is available in a 30 metre width and is made up of 5 metre modules in length. The ridge height is an impressive 12.5 metres high and the sidewalls are 3.8 metres ensuring your event is afforded the space it deserves. The Ocean can also be linked to other Neptunus structure designs.

Applications

The Ocean would make a statement at any event but is ideally suited for use at shows, concerts, presentations and exhibitions.
